

Supply List

Double Tube Set Fidget Ring

Saturdays • starting 9/5/26 through 9/5/26 • 10-5

Questions? Contact Ben Horton • ben.horton009@gmail.com • 6786739779

Studio-appropriate attire:

- Closed-toe shoes
- No loose/dangling clothing or accessories
- Hair tied back

Basic Supplies:

- Pens & pencils
- Notebook & sketch paper
- Dust mask / N95

Class Supplies:

- Heavy-wall tubing used for tube setting. The tube should be a half millimeter wider than the stones to be used (example: 5.5mm tube for 5mm stones, 2.5 for 2 and so on.)
- Ring wire for making the band. (I like half-round wire but square or rectangular wire should work as well. I would not recommend round wire, as drilling into the rounded face will be more difficult: if you feel up to the task, feel free but you may want to have backup wire if that doesn't work out.)
- The gauge of wire and size of stones is up to student preference. Sample pictures are with 4.5m tube, 4 mm main stones and 3mm wide (9 gauge) half-round wire.
- For stones, CZs are always convenient but feel free to bring any stones you are comfortable tube setting.
